## National Tracking Poll \#2008114

August 26-28, 2020
Crosstabulation Results

Methodology:
This poll was conducted between August 26-August 28, 2020 among a national sample of 2200 Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Adults based on age, gender, educational attainment, race, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.

## Table Index

1 Table FDA2_1: To what extent do you think the following influence decisions made at the Food and Drug Administration (FDA), if at all? President Donald Trump ..... 3
2 Table FDA2_2: To what extent do you think the following influence decisions made at the Food and Drug Administration (FDA), if at all? FDA employees ..... 7
3 Table FDA2_3: To what extent do you think the following influence decisions made at the Food and Drug Administration (FDA), if at all? FDA political appointees ..... 10
4 Table FDA2_4: To what extent do you think the following influence decisions made at the Food and Drug Administration (FDA), if at all? Congressional Democrats ..... 13
5 Table FDA2_5: To what extent do you think the following influence decisions made at the Food and Drug Administration (FDA), if at all? Congressional Republicans ..... 16
6 Table FDA3: As far as you know, the FDA makes decisions about potential COVID-19 (coro- navirus) treatments and vaccines based on... ..... 19
7 Table FDA4: As you may know, several companies are in the process of developing potential COVID-19 (coronavirus) vaccines. If a COVID-19 vaccine was approved by the FDA, do you think that vaccine would be safe and effective? ..... 22
8 Table FDA5: As you may know, the FDA recently approved the use of convalescent plasma as a treatment for COVID-19 (coronavirus) because some research has shown the plasma contains COVID-19 antibodies. The FDA's decision was made before researchers could finish determining how effective convalescent plasma is as a COVID-19 treatment.Do you support or oppose the use of convalescent plasma to treat COVID-19? ..... 25
9 Table FDA6: If you or a family member were hospitalized with COVID-19 today, would you seek treatment with convalescent plasma? ..... 29
10 Table FDA7: Ifyou thought you had been exposed to COVID-19 (coronavirus) and had symp-toms, how likely or unlikely would you be to take a diagnostic test to determine if you currentlyhave COVID-19 (coronavirus)?32
11 Table FDA8: And if you thought you had been exposed to COVID-19 but did not have symp- toms, how likely or unlikely would you be to take a diagnostic test to determine if you currently have COVID-19? ..... 35
12 Summary Statistics of Survey Respondent Demographics ..... 38
