[^114]Table GR17_7: As you may know, the U.S. and several European countries have engaged in diplomatic negotiations with Russia, some of which are related to NATO. NATO is a security alliance which includes the United States and some European countries, and which provides mutual military defense to its members in response to an attack. Ukraine has previously expressed an interest in joining NATO. Now that Russia has invaded Ukraine, how much do you support or oppose the following potential compromises in exchange for Russia withdrawing from Ukraine?
Ukraine agrees to allow local governments in the Donbas region, a region in Eastern Ukraine that is partially controlled by Russian separatists, to have veto power over certain aspects of Ukrainian foreign policy, like Ukraine's decision to try to join NATO
