

National Tracking Poll #2210188
October 10-28, 2022

Crosstabulation Results

Methodology:

This poll was conducted between October 10-October 28, 2022 among a sample of 4420 Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Adults based on gender, age, race, educational attainment, and region. Results from the full survey have a margin of error of plus or minus 1 percentage points.
