Methodology:
This poll was conducted between March 16-March 17, 2023 among a sample of 2200 Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Adults based on age, gender, race, educational attainment, region, gender by age, and race by educational attainment. Results from the full survey have a margin of error of plus or minus 2 percentage points.
Table MCER1: As you may know, the Biden administration recently approved the ConocoPhillips Willow oil development in Alaska’s remote North Slope. It is expected that the development would produce 180,000 barrels of oil a day, resulting in at least 263 million tons of greenhouse gas emissions over 30 years. The development is also expected to create an economic boom in Alaska, with revenues helping remote communities and villages in Alaska. Based on what you know now, do you support or oppose the Biden administration’s approval of the ConocoPhillips Willow oil development? 

Table MCER3: Based on what you know about the ConocoPhillips Willow oil development, which of the following is closest to your opinion even if neither is exactly right?

Table MCER4: And generally, which of the following is closest to your opinion, even if neither is exactly right?

Summary Statistics of Survey Respondent Demographics
**Crosstabulation Results by Respondent Demographics**

**Table MCER1:** As you may know, the Biden administration recently approved the ConocoPhillips Willow oil development in Alaska's remote North Slope. It is expected that the development would produce 180,000 barrels of oil a day, resulting in at least 263 million tons of greenhouse gas emissions over 30 years. The development is also expected to create an economic boom in Alaska, with revenues helping remote communities and villages in Alaska. Based on what you know now, do you support or oppose the Biden administration's approval of the ConocoPhillips Willow oil development?
